THE ULTIMATE PILLOWS
for indoor & outdoor living

WELCOME *to the* 2022 COLLECTION

It seems everyone has begun evolving the look and feel of their homes—and seeking the perfect throw pillows to accentuate their spaces, outdoors and in. The heart of this year's collection can best be summed up with the Greek word meraki.

meraki

[may-rah-kee]

when you do something with creativity or love;
putting a piece of yourself into what you do

This defines not only our latest designs, but everything created at ELAINE SMITH®. Providing the very best in service, we put ourselves into every stitch and every step of our work. Our team of dedicated artisans brings each collection to life by hand-tailoring every pillow. This work spans hand-cutting fabric, carefully matching seams, and handcrafting details such as macrame, rope, fringe, and braids.

Everything we do, we do it with soul and creativity to deliver the most elevated designs. This is especially true of the high-performance Sunbrella fabrics we use.

We are constantly striving to develop the most luxurious new fabrics in trendsetting palettes with textures such as bouclé, chenille, cashmere, and terry. ELAINE SMITH® pillows allow clients and customers to also put some of themselves into personalizing their homes. Nothing quite has the impact of the throw pillow to instantly improve the mood of a room.

Pillows wield mighty power as designing tools, adding dimension to outdoor spaces, softening furniture, acting as a catalyst through color... They can instantly update a showroom and showcase the versatility of a furniture collection. And pillows can be mixed and matched to keep a setting in tune with the season. We make it effortless for anyone to use our exclusive designs to create unique spaces that provide the feelings they desire. Explore our inspiration and catalog. As you will see, ELAINE SMITH® pillows are not finishing touches but rather starting points.

Elaine Smith

FOUNDER & CEO

My mind is constantly envisioning everything around me as a pillow.

I'm inspired by fashion, art, nature and travel. But one has to have a selective, discerning eye as not every trend translates—sometimes a classic approach is called for.

Apart from their design and gorgeous hand, my pillows are incredibly practical and enduring as luxury needs to be able to be lived in.

I continuously pursue developing performance fabrics of the softest textures and most interesting color palettes.

In my latest collection, there is something for every design sensibility—and endless inspiration.

The culture and color of the high Andes sets a vibrant tone sure to inspire wanderlust as well as gorgeous spaces. The colorful folk art of the Incas led Elaine Smith to design this brilliantly hued series from her travels.

Artisan-crafted intricate macrame embellishes the Palomar Melon. Reflecting the striking traditional garments of the region is Serape Jewel. While the Folk Art Jewel showcases the colorways in a pattern of incredibly soft bundled yarns.

MONO CHROME *REVIVAL*

Modern farmhouse has accelerated the resurgence of monochrome design for its gorgeous accenting of architecture through contrast. At the heart of the Elevated collection is black-and-white taken to another level. This iconic motif is all about layers, textures, and bravado.

Oblique Ebony offers an abundance of white in a creamy soft fabric. While Kanabar Ebony and Kasai Ebony provide incredible depth and visual interest of decidedly modern designs that hint at a global point of view.
