

WINSTON[®]

50 YEARS

2025 CATALOG

Celebrating 50 years of excellence, Winston Furniture Company first started its manufacturing operations in the summer of 1975. Over the years, the Winston Brand has emerged as a prominent figure in the outdoor furniture space, known for its quality and comfort. Our extensive range of products has enhanced the floors of specialty patio retail stores nationwide, along with an expanding presence in furniture showrooms and design studios. From classic aluminum extrusions to sturdy cast aluminum and intricate woven creations, our collections showcase a diverse blend of materials and craftsmanship, symbolizing five decades of unrivaled artistry and durability.

As we commemorate this milestone, it is essential for us to take a moment to look back on the path we have traveled. Our outdoor furniture stands as a testament to our enduring dedication to providing not just furnishings but an embodiment of comfort, elegance, and lasting craftsmanship. Beyond mere products, what truly sets our brand apart is the essence of the experiences we aim to create for our customers. With every piece we design, we strive to shape environments that serve as inviting hangouts for you to come together, revel in special moments, and unwind in style.

The Winston® Difference

Comfort

At Winston, our goal is for you to spend more time outdoors—so we build every seating option with your comfort in mind. Whether your preferences lean toward stylish cushioned options or easy-care sling seating, every Winston chair is designed with generous proportions and thoughtful ergonomics.

Quality

Since 1975, our passion has been producing furniture ready to stand up to anything Mother Nature might dish out. We combine our expertise and resort quality materials so that when you are ready to get outside, your Winston furniture is ready for you, and will stay ready for years to come.

Convenience

It can mean different things to different people. Maybe your idea of convenience is fast delivery, customization options, easy maintenance, or being able to decide between shopping in-store locally or online. Whatever your personal preference, Winston has options to fit your needs.

Cayman

With shapes inspired by indoor pieces and texture informed by tropical living, the Cayman Collection brings laid-back comfort with classic design to your outdoor retreat. The seating selections are fully handwoven from banana leaf style resin weave and topped with generously deep cushions for a set that is as comfortable as it is stylish.

A banana leaf style resin in a rich brown tone woven into large, rounded shapes defines the look and evokes a sense of the tropics

The generously deep, dual density foam seats are formed into box cushions perfect for a supportive and causal vibe seating experience

Matching tables feature a woven detail to tie everything together and top it off with hand brushed aluminum in a faux wood parquet patterned finish

Cayman is available in the below Custom Quick Ship (SQ) fabrics. You may choose from the following 14 fabric options to customize your furniture cushions. When placing an order for a Custom QS product, use item # "SQ" and the custom fabric choice (name + number) to make certain the order is fulfilled correctly.

Canvas Heather Beige is available for Quick Ship (HQ) only.

Additional Info

- Traditional design
- Generous deep, comfortable dual density foam seats
- High-Density Polyethylene All-Weather Weave
- Exclusive Heritage Brown Finish (tables and accents only)
- Tables feature hand brushed aluminum in a faux wood parquet patterned finish
- Available in 15 cushion fabrics only (shown above)

Coral Reef

Coral Reef embodies both style and practicality in its design. Crafted from a high-quality flat oval aluminum extrusion, this collection not only exudes elegance but also ensures durability for long-lasting use. Its versatility is evident in the array of powder coat finishes offered by Winston, allowing you to customize to seamlessly blend with your outdoor decor.

The stackable design allows for minimal storage when not in use

Can be finished in any of Winston's many powder coat finishes, perfect for any outdoor aesthetic

Created from heavy-walled multi-dimensional aluminum extrusion

Jasper Lounge

The Jasper Collection perfectly pairs eye-catching textural weave with bold angular aluminum frames for a transitional look that blends easily with any style. Reminiscent of vintage cane pieces reimagined for today, the open resin weave gets a modern mixed material update when paired with sleek aluminum frames and matching structural tables.

An open weave in a light Beechwood tone paired w/ a contrasting frame defines the look and offers the convenience of comfortable, cushion-less seating

The open weave, cushion-less furniture is at home in locations where getting wet regularly is likely—particularly poolside

For those who want a little cushion, Jasper Seat & Chair Pads can be ordered in any cushion fabric—see the Winston Price List for complete details

Key West Padded Sling

Key West is ready to entertain and built to withstand season after season of fun in the sun. Key West is versatile enough to fit a variety of settings but prefers to be where the party is, especially poolside.

Hybrid seat construction offers best-of-both-worlds padded comfort while maintaining the cushion-less appeal of a sling

As the name implies, a light layer of padding is quilted between a cushion face (or "front") fabric and a traditional sling back fabric

Stocked finishes for Key West Sling and Padded Sling Collections coordinate for a complete, cushion-less lounging and dining look

Palazzo Sling

The Palazzo Collection uniquely blends high function with a bit of drama. Sculptural arabesque details adorn the generous seating options featured in both cushion and sling. Palazzo is influenced by European architecture and exudes authenticity with its lightness, elegance, and curving ornamentation.

Influenced by European architecture, the scroll details throughout the frame define the look

Sling seat construction means faster drying times after a rain or a cleaning, and you can avoid the need for a cushion storage solution

Sculptural arabesque details adorn the generous seating options featured in both cushion and sling

FP010-GLASS

Additional Info

- Operates with standard 20 lb. LP gas tank (not included)
- Tank hides neatly inside the base
- Tank sits on a wheel tray for easy access
- Generates 55K BTU
- Burner cover converts to usable tabletop
- Includes Glass Rock
- Burner cover stores neatly away on hook on outside of base

How Do You Want to Spend Your Time Outdoors?

Lounging

Bring the indoors out with an outdoor living room. Combine lounge seating options with your choice of lounge tables to build your perfect oasis.

Lounge Seating

Whether you want to soak up the sun pool side or host a party, we have a variety of lounge seating for every situation.

Lounge Tables

From a convenient place to set your glass to a warming fire table, lounge tables will help you get cozy and enjoy your time outdoors.

Lounge

Chaise

Fire

Side

Sofa

Loveseat

Coffee

Chat

Ottoman

Add an ottoman for additional lower body support.

Chat vs Coffee Tables

Chat and coffee tables provide table access to all of the surrounding seating. The equal sides of a chat table pair well with lounge chairs. The longer shape of a coffee table allows more access to the table from a sofa or loveseat.

Dining

Gather the family and friends for al fresco dining. We have you covered with table sizes, heights, and seating options to fit every party.

Table Heights

With a variety of table heights, you'll be able to find the perfect dining combination for your outdoor space.

Typical Dining Height 27.5"H - 30"H

Balcony Height 33.5"H - 36"H

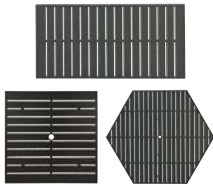

Bar Height 38.5"H - 39.25"H

Chair & Table Fit

While the general rule of thumb is that dining chairs pair with dining tables and so on, for the best "fit" we recommend sticking with the furniture and table pairing suggestions we provide.

Build Your Own

Looking for a non-traditional shape or size? Check out the Build Your Own Slat Top Table Collection (pg 48) for even more options for customizing your dining set.

Largest Capacity

If you are looking for the largest seating capacity around a single table, we recommend looking at the Slat Top Table Collection (pg 44) where you will find our 60"x91" rectangular dining table.

More Ideas & Inspiration

For more ideas and inspiration on how to pair our furniture and tables, shop our website where you will find our most popular lounging and dining sets with tables and furniture expertly paired. Or, ask a Sales Representative or Design Consultant at your favorite local Winston Retailer for help.

Compare Seat Styles

SOLID SURFACE

Comfort

Generous proportions and ergonomically curved planks.

Easy Care

No soft surfaces make for a chair that simply needs to be wiped down to enjoy after a rain.

Collections

Hailton Slat pg 6

SLING

Comfort

Generous proportions, ergonomically curved frame, and flexible sling seat bucket. Choose ultra high back (UHB) design for ultimate comfort in this option.

Easy Care

Tighter weave means slightly longer natural drying times vs. woven seat bucket option, but still simply needs to be wiped down to enjoy after a rain.

Collections

Coral Reef Sling pg 4

Key West Sling pg 14

Palazzo Sling pg 26

Seagrove II pg 30

Southern Cay Sling pg 34

Whitlock Sling pg 40

Lowest Maintenance

WEAVE

Comfort

Generous proportions, ergonomically curved frame, and flexible, fully woven seat bucket

Easy Care

Open weave of water resistant material makes for a chair that simply needs to be wiped down to enjoy after a rain.

Collections

Jasper pg 10

Oceans pg 18

*This chart is only comparing seat surfaces (or the part of the chair that the user directly touches when seated)

While every Winston® chair is designed with both comfort and outdoor use in mind, each seating surface option represents a trade-off between ultimate comfort vs. ease of maintenance. This chart will help you understand your options.*

CUSHION

Comfort

Generous proportions, ergonomically curved frame, soft cushion fabric, and plush cushions make for the epitome of outdoor comfort. Choose ultra high back (UHB) design for ultimate comfort in this option.

Easy Care

Cushions left in the rain will take more time than any other option to dry, so having a cushion storage solution will be your best option for having furniture ready to use whenever the sunlight calls.

Collections

Cayman pg 2

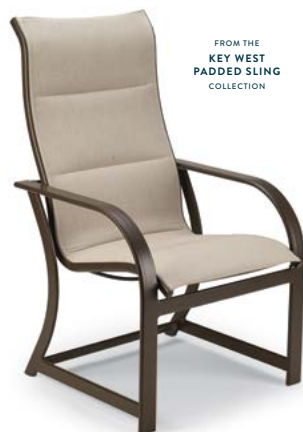

Manor pg 16

Palazzo Cushion pg 24

Southern Cay Cushion pg 32

Whitlock Deep Seating pg 36

Highest Comfort

PADDED SLING

Comfort

Generous proportions, ergonomically curved frame, soft cushion face fabric, and light quilted padding throughout seat bucket. Choose ultra high back (UHB) design for ultimate comfort in this option.

Easy Care

Addition of padding makes for longer drying times after a rain, but inclusion of sling back still makes this faster than a full cushion.

Collections

Key West Padded Sling pg 12

Whitlock Padded Sling pg 38

Chair Motion

What's more comfortable than an oversized chair? How about one that rocks. Or, better yet, one that swivels and glides. We offer a variety of products that introduce motion and adjust-ability to your outdoor space for the ultimate function and relaxation.

ADJUSTABLE

Multi-positional back adjusts to your perfect comfort level.

For Adjustable Lounge Chairs, add an ottoman for extended relaxation with the ease of 2-piece mobility.

SWIVEL

A 360° swivel mechanism allows for easy seating access and the ability to take in the entire view or join a conversation.

SWIVEL ROCKER

A swivel combined with the swaying motion of a rocker allows you to rock in any direction for a full 360° view.

SWIVEL GLIDER

A swivel combined with the back and forth motion of a glider for an ultra smooth ride with a full 360° view.

GLIDER

Our stationary gliders move back and forth on a quiet, smooth mechanism for a relaxing seat with gentle movement.
